

Heathcote East OSHC

Our Out of School Hours Care offers a safe and caring environment to cater for children 5 – 12 years of age. Our aim is to meet this range of children's needs, enhancing their social, emotional, recreational, physical, intellectual, and creative development.

HEPS OSHC has just received a rating of

**"MEETING ALL
QUALITY AREAS"**

Heathcote East OSHC

'Play is the highest form of Research' - Albert Einstein

Our staff are dedicated in providing a "home away from home" while supporting the educational needs of all children. All staff are qualified in Early Childcare or are actively working towards a university degree. HEPS OSHC only hires staff who have a passion for working with children.

Welcome to Heathcote East OSHC

Heathcote East OSHC began when a parent committee decided there was a need for working parents to have care for their children before and after school. This is now a much greater need in the community, making HEPS OSHC the successful centre it is today as it continues to grow. Part of what makes us so unique is the size of our school, meaning the staff have much closer relationships with families and children that attend the school.

Parent and community involvement is highly valued, helping create an environment that reflects and acknowledges diversity.

Play Based Learning Programs

Our centre offers a play based learning program, rich in leisure opportunities that are centred upon children's interests and strengths to support their learning and development. Children have an opportunity to develop creativity, relationships and life skills in a relaxed, home like environment.

We strongly value the importance of play based learning, based on current research and the industry framework "My Time, Our Place". Our wide range of active and meaningful experiences incorporate choice for children, while enabling them to experience organisational elements such as independence, expectations, self-regulation, planning and patterns of interaction.
